State Compliance Addendum Template

Scope-of-Practice Review Checklist for State Implementation

This template assists partner organizations in reviewing state-specific scope-of-practice statutes and crisis response protocols to ensure compliant implementation of the Capitol Contracts LLC curriculum.

1. State Regulatory Review

- **Identify relevant state licensing boards:** (e.g., Board of Psychology, Board of Social Work, Board of Counselors)
- **Review scope-of-practice statutes:** Confirm activities permitted for peer specialists, paraprofessionals, and non-licensed personnel.
- **Crisis intervention protocols:** Verify alignment with state-mandated reporting and response procedures.

2. Organizational Policy Alignment

- **Internal policy review:** Ensure organizational policies reflect state scope-of-practice limitations.
- **Training requirements:** Confirm all facilitators meet state-specific training and certification standards (if applicable).
- **Supervision guidelines:** Establish clear clinical supervision pathways for licensed staff overseeing non-licensed facilitators.

3. Documentation & Reporting

- **Consent forms:** Adapt participant consent forms to include state-specific disclosures.

- **Incident reporting:** Align incident logs with state reporting requirements for critical events.
- **Data privacy:** Ensure data collection and storage practices comply with state privacy laws (e.g., state-specific HIPAA equivalents).

Note: This document is a template and should be customized by legal counsel to reflect specific state regulations and organizational policies.
